-
-

3. Product parameters

Test items	Detection index	Units
appearance	No obvious mechanical impurities	/
melting point	-25.6	
boiling point	117	
density	1.18	g/cm ³
flash point	40.6	
freezing point	-57.2	

Solubility	miscible with most organic solvents and slightly soluble in water	/
------------	--	---

4. Product packaging

5. Storage and precautions
